What is the Global Addiction Therapeutics Innovation Day (GATID)?

Hosted by International Society of Addiction Medicine (ISAM), GATID is a unique global event designed to highlight breakthrough innovations in addiction therapeutics and diagnostics. It is not just another conference — it's a launchpad for innovation at the intersection of science, clinical care, and industry.

It brings together clinicians, researchers, startups, pharma, tech innovators, funders, and policymakers from around the world to bridge the academic-commercial divide and showcase cutting-edge tools and approaches, foster cross-sector collaborations and promote real-world implementation of novel solutions.

- Scientific Panels
- Business Sessions
- Innovation Guidance Workshop
- The Innovation Award Pitch 🏆
- Networking Platform

ISAM Global INNOVATION ADDICTION THERAPEUTICS DAY

ISAM Innovation Award

Are you working on an innovative idea in addiction treatment, recovery, or diagnostics?

Save the date and submit your idea to compete for the

🏆 ISAM INNOVATION AWARD 🏆

and gain global recognition on GATID stage for your groundbreaking ideas among top experts, industry leaders, and investors.

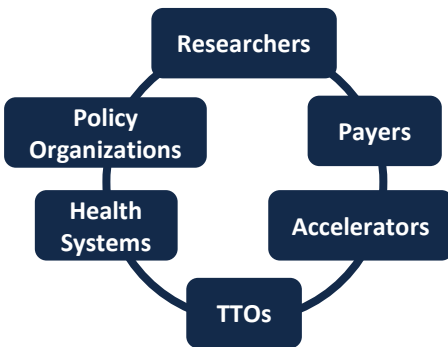

Submission is open from 1 February 2026

Finalists will present 3-min scientific pitches **in-person** during GATID 2026 in Rotterdam, Netherlands.

Scan the QR code for more information on submission format and timeline.
